TRIMS PLACEMENT

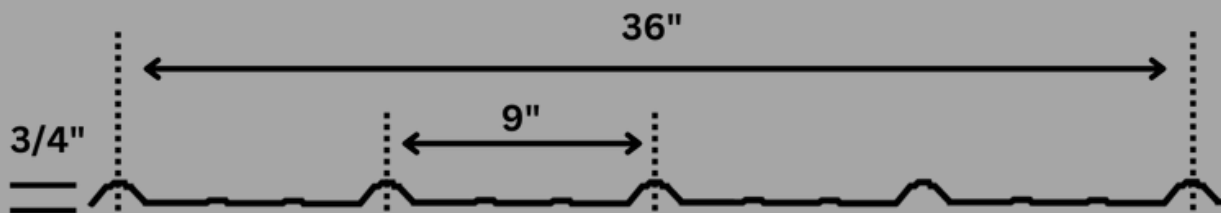

AG PANEL

CMS AG Panel

Exposed Fastener System

A durable, economical roofing solution for agriculture, commercial and residential projects. This type of panel is weather-resistant to increase the life of your roof. AG panels are structural panels with exposed fasteners used for roof and wall systems. Providing high weather-resistant and extended roof life, Ag panels are a great choice for roofing projects. These low rib, sleek looking panels are an economical decision for your building.

Board & Batten

Board & Batten Panel

Our Board & Batten panel is not only a stylish choice but a cost-effective choice. This type of panel is fade resistant and low maintenance. CMS Board and Batten exterior siding can last for many years-even decades- if properly maintained. It has minimal exposed fasteners. Weather is never an issue with this type of panel. Board and Batten siding can be installed vertically for a one-of-a-kind appearance. Even better, our board and batten siding is available in a variety of colors to match your desired aesthetic.

Accessories

Sealant

Butyl Tape

- Trimmable joints and end lap sealing tape
- Non-staining, permanently flexible
- Seals around windows, doors, roof vents, and more
- Roll won't telescope from heat before installation
- Keeps even hot metal roofing panels in place no melting or oozing
- Made in the USA
- Economical
- 40 Year limited warranty

This versatile, trimmable, end-lap dealing tape joins metal to metal, and seals around windows, doors, roof vents, stacks, access doors and other penetration points. non-staining and permanently flexible, mastix stays in place with no melting or oozing, even in extreme heat.

| | |
|---------------------|--|
| Color | Off-white to gray |
| Solubility in water | Insoluble |
| Size | 3/32"x3/8"x45' or 3/32"x 1"x45' or 3/32"x2.5"x 45' |
| Reactivity Hazard | 0-Minimal |
| Flammability | 0-Minimal |
| Chemical Name | Isobutylene |
| Appearance | Soft, pliable gum |

Emseal

- Expands from 1/4" to 1"
- Follows, flexes, expands, compresses to fit
- UV stable
- Universally adaptable to most roof panels, including hips and valleys
- Highly resistant to bugs and vermin
- Maintains seal in heat and cold
- Will not leech out or stain
- Economical
- 40 year limited warranty

Emseal expands from 1/4" to 1" allowing it to fill any shaped gap in the construction of metal buildings, doors and windows, concrete, wood and more. It is adaptable to most roof panels, including hips and valleys. Highly resistant to bugs and vermin, Emseal maintains it's seal in heat and cold and will not leach out or stain.

Custom fit foam closure system

AG PANEL OUTSIDE

R PANEL OUTSIDE

AG PANEL INSIDE

R PANEL INSIDE

Closure-Foam comes in 2 standard profiles to match the rib pattern of Ag Panel & R Panel. Outside Closure is designed to seal on the outside of the panel and Inside Closure is designed to seal underneath the panel. It is Designed to stay put, industrial adhesive eliminates blow away problems with a 1/4" adhesive bead applied to either the flat or the ribbed side of Closure-Foam. It even adheres in subfreezing temperatures and on wet surfaces. Closure-Foam is economically priced without sacrificing quality.

- Full 1/4" bead of adhesive.
- Excellent UV resistance/long lasting seal.
- no excess scrap for easier cleanup.
- holds up to -25°F.
- Easy Application

Low Profile Ridge Vent

VENTED RIDGE CLOSURE

Our Vented Ridge Closure strip includes Python polyester vent material inserts for a snug fit and optimum ventilation at a cost lower than traditional fans and louvers. Made with recycled materials, it features a 40-yr warranty and proprietary adhesive for a superior net-free ventilation that reduces condensation and helps lower utility costs. This durable, modified polyester is a non-woven, non-wicking, fiber-based matting. Its specially cut contours provides a custom, low-profile fit for any pitch and is available in AG Panel & R panel profiles. Vented Ridge Closure provides a superior net-free ventilation area that helps keep out moisture, pests and dust. Plus, it can be installed by just one person in two easy steps.

- Lower, custom fit profile
- Custom-cut profiles for snug fit
- Helps reduce utility cost.
- Moisture and pest barrier
- Easy to installation
- Non-obstructive appearance
- Superior net-free ventilation reduced condensation

Universal Smart Vent

UNIVERSAL SMART VENT

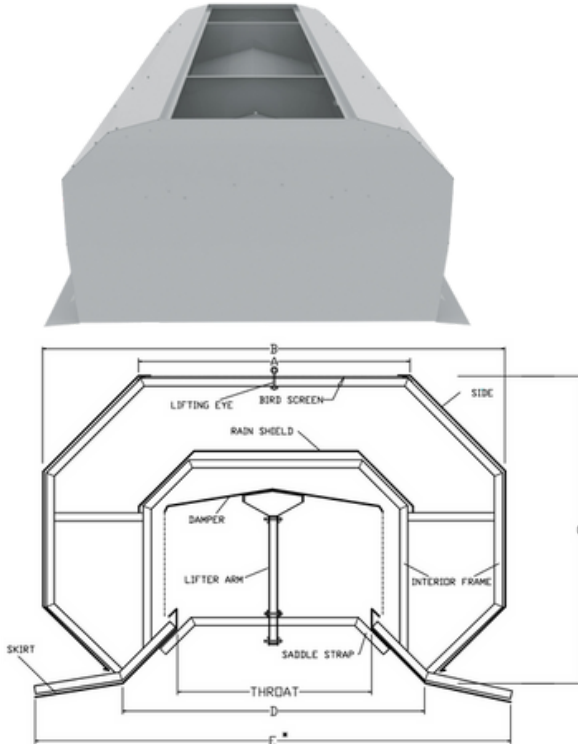

- Fits multiple profiles
- Helps reduce utility cost.
- Moisture and pest barrier
- Easy to install
- Non-obstructive appearance
- Superior net-free ventilation reduced condensation

EXCELLENT LIGHT TRANSMISSION

- PROVIDES FREE NATURAL LIGHT ENERGY
- MORE PRODUCTIVE LIVESTOCK
- REDUCES RUNNING COSTS OF BUILDING
- DAMAGE & IMPACT RESISTANT
- 200 TIMES STRONGER THAN GLASS
- HIGH OPTICAL CLARITY
- PERFORMS WELL IN EXTREME TEMPS
- CHEMICAL RESISTANT
- LIGHTWEIGHT, EASILY HANDLED & INSTALLED
- EXCELLENT FIRE PERFORMANCE
- LONG LASTING UV PROTECTION
- 10-YEAR LIGHT TRANSMISSION
- 3-YEAR WEATHER BREAKAGE WARRANTY

Roof Sealant

- Paintable, Full UV protection
- Skins in 1 hour
- 4 Season application
- Mold and Mildew resistant
- Cures to a tough flexible bead
- Field proven for over 30 years
- Max Coverage: 14 linear feet
- 10 Ounce tubes
- Single tube or Carton of 12

The NPC Sealants Solar Seal #900 is a terpolymer rubber adhesive and sealant. It is a high performance colored alternative to any silicone or urethane chemistry. This sealant by NPC Sealants is manufactured for commercial and high end residential jobs. Solar Seal 900 is formulated to work for materials such as vinyl, fiber-cement siding, fiberglass, cedar, metal roofing and panels, brick, masonry, sky lights, sun rooms, truck trailers, termination bars, clay tiles, copper, curtain walls, cured concrete, and flashing.

About Us

About Us

Our Company Mission

Our Goal at Champion Metal Supply, the goal we think good metal company should have, and the job we set out to do every day, is to provide our customers, old and new, with expedient and convenient service that satisfies, a commitment to quality that's hard to surpass, and our personal dedication to make your project a success. because just like your building project, what we do isn't just the sum of out parts - it's how we put them together that makes the difference. So let us put something together for you.

Our Company Value

Service:

Getting you what you need, when you need it.

Quality:

What you get is what you deserve - high quality metal products for solid results.

Value:

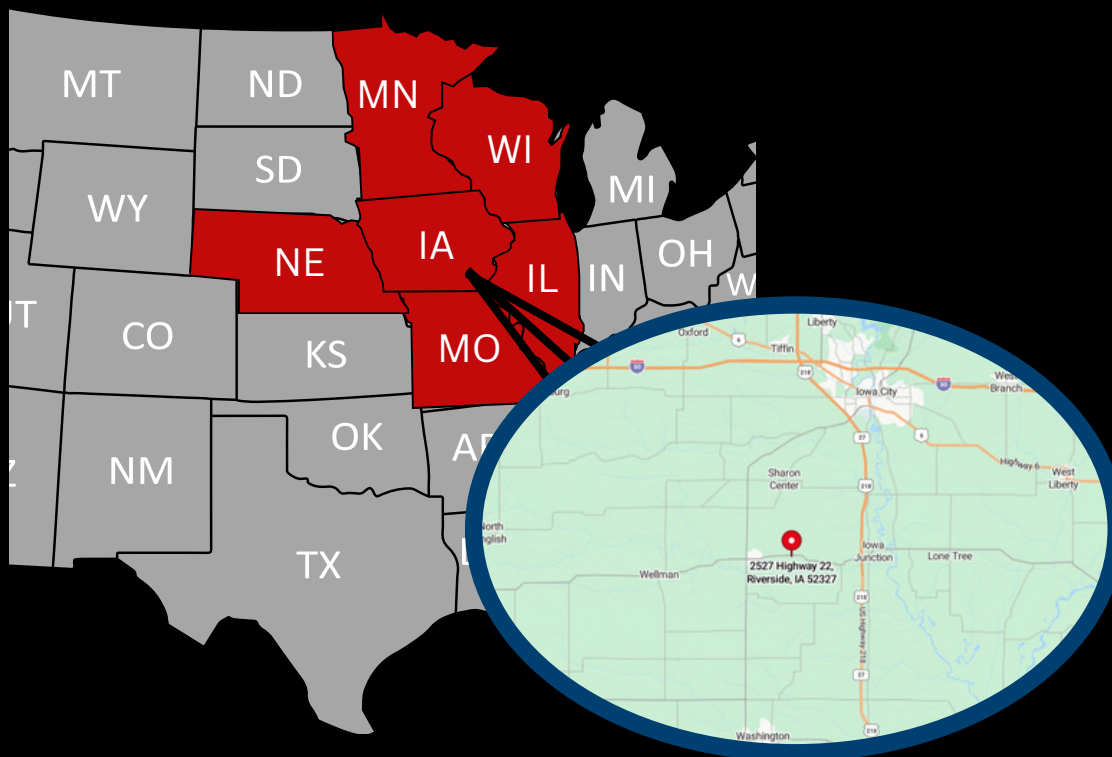

It's not just about making the sale come true for us, it's about making your project, whatever it is, come true for you

About Us

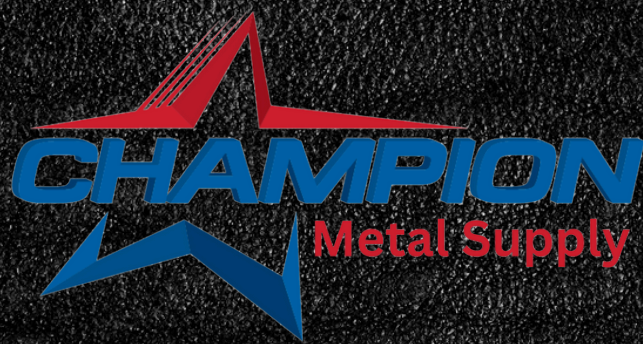

Our Promise to You

We make metal easy. We're here for you. We know what you need and what you expect, and we will deliver top quality Customer Service and Professional value, with a product that will satisfy, and a team that makes sure you get what you need, when you need it.

Our Service Area

We Service Iowa, Illinois, Missouri, Wisconsin, Minnesota and Nebraska

YEAR 2024
